

The Delta-Schoolcraft Intermediate School District is committed to creating and supporting effective educational programs that promote learning for all students through the cooperative involvement of students, families, educators, and the community

Delta-Schoolcraft ISD Parent Advisory Committee (PAC)

The Delta Schoolcraft Parent Advisory Committee (PAC) is committed to collaborating with the Intermediate School District (ISD), school districts, and community agencies to ensure quality special education services for children with disabilities in our counties.

Parents of children with disabilities are invited to get involved with their PAC

Each intermediate school district in Michigan is required to appoint a Parent Advisory Committee (PAC), composed of representatives from each of its constituent districts. The representatives "shall consist only of parents of students with disabilities with at least 1 parent from each constituent local school district and public school academy..."-Rule 340.1838 Michigan Administrative Rules for Special Education Supplemented with IDEA Federal Regulations, April 2009

- The Delta Schoolcraft PAC meets at 6pm on the first Monday of the month October through May at the ISD (except December)
- The PAC actively promotes the welfare of individuals with disabilities through parent to parent outreach and community education
- PAC members are available to parents to discuss resources, community connections or to hear concerns
- PAC members serve as liaisons between parents, their school districts and the ISD
- The PAC works to improve gaps in services for individuals with disabilities

The PAC welcomes parents and caregivers to attend our open meetings or consider serving on the committee. Follow us on Facebook or contact us to be added to our email list to receive important special education information and news. Visit www.dsisd.net to find your local PAC Representative's contact information under Quick Links>For parents. We need parent input and participation to make your child's education the best it can be!
